

01 Laryngeal Mask Airway

(Single Use & Reusable)

L Two Way Laryngeal Mask Airway

- The built-in drain tube that allows expelled gastric content to bypass the pharynx. This specific feature is designed to decrease the risk of aspiration
- Made of medical silicone material, non-toxic & non-stimulating
- Steel reinforced airway tube can prevent biting & kinking
- Double layer cuff seals the throat perfectly
- Good biocompatibility
- Minimal haemodynamic response
- Package: 10pcs/box, 60pcs/carton

Size	Suitable Weight	Reference NO#
1.0	<5kg	LMA1004P2
1.5	5-10kg	LMA1507P2
2.0	10-20kg	LMA2010P2
2.5	20-30kg	LMA2514P2
3.0	30-50kg	LMA3020P2
4.0	50-70kg	LMA4030P2
5.0	>70kg	LMA5040P2
